

Health, Safety, Environment and Quality Policy Statement

This policy reflects the philosophy and beliefs of the Senior Management Team of Mainline (1982) Ltd and outlines the strategic direction the organisation will take to ensure that the standards and performance achieved to date is sustained and improved upon.

Keith Williams
Managing Director

Carole Williams
Director

Health and safety

We are totally committed to preventing injury and ill health in our workplace.

We will set objectives and targets and measure our progress against them to continually improve our occupational health and safety management and performance.

We will at all times comply with our occupational health and safety legal responsibilities and wherever possible implement best industry practice throughout our workplace.

Environmental

We will operate a business that prevents pollution, conserves natural resources and minimises waste.

We will comply with all applicable legal requirements and seek to follow environmental best practice at all times.

We will strive to continually improve our environmental performance and measure our progress against our set objectives and targets.

Quality

We will set and review appropriate quality objectives and targets throughout the organisation to help us continuously improve the effectiveness of the quality management system.

Wherever possible, we will ensure our customer requirements are fulfilled or exceeded and will regularly review our performance against the level of their expectations.

Metro Werezak
Operations Director

Next scheduled review date: May 2019
